

Statement by Aspöck Systems on the subject:

Implementation of regulatory requirements under UNECE R156/155 and ISO 24089/21434, and evaluation of software-controlled vehicle components (SUMS/CSMS)

Dear all

Aspöck Systems confirms that all Aspöck components do not fall under the above-mentioned regulations.

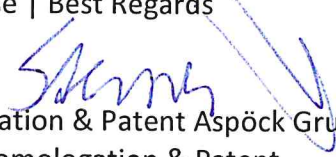

With the exception of:

75-0210-007 Aspöck TPMS Receiver Rx18

75-0600-017 RADC 2.0 ECU

The assessment of these components is provided in a supplementary sheet.

Freundliche Grüße | Best Regards

Erwin Steiner
